

Spring 2014

- **“Springtime Frolic”** by Kay Harmon, pg 68
 1. **Cutting instructions, final instruction:** - From fat quarter dark charcoal print, cut and piece: 1¼” x 130” strip for finished bias binding....this is for the vines!
 2. **Materials:** Where it says 1 1/8 yards light charcoal for appliqué backgrounds, it should not include binding. **Add to the materials list...** 1/2 yard dark charcoal print for binding.
 3. Under **“Cutting instructions”** - The statement about not adding a seam allowance is not correct, and there is no felted wool used in this project. Should say... Templates do not include seam allowance.
 4. Where it says... Cut 4-2 1/4" strips for binding, it should say...from Dark charcoal 1/2 yard print, cut 2 1/2" strips on the bias to create 135" of bias binding.

- **“Flight of Fancy”** by Janice Minear, page 36
 1. The Materials List calls for a 10” square for body & wing. This should read: 10” x 20” piece.
