1. Under **Cutting Instructions** it should say "From ASSORTED light fabrics cut..."

2. **Under Applique Blocks: Step 1** should read “22 inches or longer” instead of “21 inches or longer,” and measure 22 inches square when trimmed. **Step 6:** When Applique is complete, press the blocks and trim them to measure 21 ½ inches square.

3. **Under Quilt Assembly: Step 1:** Sew a 1 ½” x 20 ½” dark blue strip to the left side of each applique block, then sew a 1 ½” x 20 ½” dark blue strip to the bottom of each block. **Step 2:** The diagram is correct but it should say “create a total of three Double Row sections of 21 each.”
